Florence

DEAR FRIEND

We want to thank you for taking the time to learn about us. We are ready to become parents and we have been working to build a successful and healthy relationship for many years. This is a big decision as you make plans for your baby to be in a loving and healthy home. We hope that you have friends and allies to give you love and prayers as you make this tough decision. We also hope that you find comfort as you learn about our marriage and about our families. We would be honored to welcome your baby into our family and ensure that your child is loved and has a strong support system. If you decide to make an adoption plan and you choose us, then we plan to honor you and pray for you, because you are the reason for our gift. We hope this book gives you a glimpse into our lives and our hearts.

With love,

*Vikram &
Florence*

ABOUT US

We are a mixed family. Florence is African-American and Vikram is Asian-American (Indian). We have a happy marriage and we get along really well. We are both Christian and go to church each week. We met on an online dating site. When we were finally able to connect in person it was love at first sight. We have seen each other

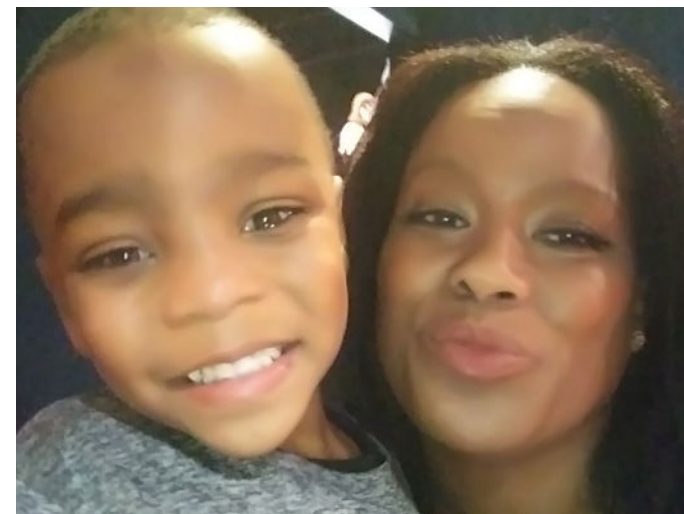

every day since. We love going for walks, going to look at plants and gardening. We are very family oriented and love to travel. We love having family and friends over for dinner and going to family or friend barbeques. We really enjoy hanging out with each other, talking, and cooking together.

ABOUT FLORENCE

by Vikram

Florence is the oldest out of 6 children. Growing up, she helped look after her brother and sisters. She is an engineer and the social butterfly of our home. She sings around the house and loves to organize. She enjoys dressing up sometimes, relaxing in our backyard and reading books. Florence also enjoys hanging out with her sisters and brothers and her nieces and nephews. Florence is encouraging and supportive to me and those around her. She also did missionary work for nearly 11 years. Her experiences include working in an orphanage in Mexico where she helped care for infants, and a short period of time working as a hairdresser for the mission. Florence has also helped coordinate clothing drives and food drives here in the United States.

ABOUT VIKRAM

by Florence

Vikram is a loving husband and a very intelligent man. When life has presented us with challenges, we are able to weather the storms with his guidance and perseverance. Vikram has been blessed with a servant heart; he is always considerate, making sure others are taken care of before himself. You can find him on any given weekend upgrading or fixing things around our home. He has a big heart and will never hesitate to help someone in need. We love spending time together. It feels good to have someone that I can depend on and who has my back. I know that I am blessed to have his support spiritually, financially, and emotionally and I do not take it for granted. I am well aware that it is a blessing to have my husband always praying for me and with me. My husband can be quite the conversationalist; he is always down to chit-chat. We have created a life together and I am thankful every day that we are able to walk through life together.

OUR EXTENDED FAMILY

Florence's mom has the whole family come visit for holidays. All of our cousins and Aunties also join us and we just sit around and talk for hours while the kids are outside in the backyard playing.

Vikram's family meets up for any type of family gathering, including birthdays, graduations, promotions, family or friends visiting from a different city or country. We cook food and socialize to catch up on life with each other. We sit in the backyard and talk about gardening, we go for walks in our neighborhood.

OUR HOME LIFE

& Community

We own a 5-bedroom home with a landscaped backyard in Arizona. We feel blessed to have good neighbors. We enjoy walking to our community gatherings and catching up on work life and personal life. Our neighborhood is family oriented. Everyone who lives here has jobs, kids, and pets. We live in a quiet, safe neighborhood that is racially and culturally diverse. Florence surrounds herself with like-minded individuals. Her closest friends are black women, like herself, that come from all different backgrounds and walks of life. Florence's best friend is also an engineer

Our Home

that works at the same company! They spend tons of time together going to concerts, going shopping, and walking their dogs. Vikram's friends are very laid back and love a good weekend get-together like a barbeque or spending time at a church function. When we all get together it is so wonderful, as a couple we often spend holidays with friends and also visit each other's church events.

We have a black lab named Teddy and a kitten named Tiger, they are both affectionate, playful and great with kids.
