# Hello There,

Thank you for considering us as potential adoptive parents for your child. We understand this is one of the hardest decisions you'll make in your life and we're honored that you're taking the time to get to know us through this profile book.

We're excited to tell you about our loving life together and hope you can envision our love and happiness that we could provide for your child, if chosen. Adoption is already interwoven into our story, as Christie herself was adopted. We look forward to growing our family this way, and Christie sharing this experience with her child.

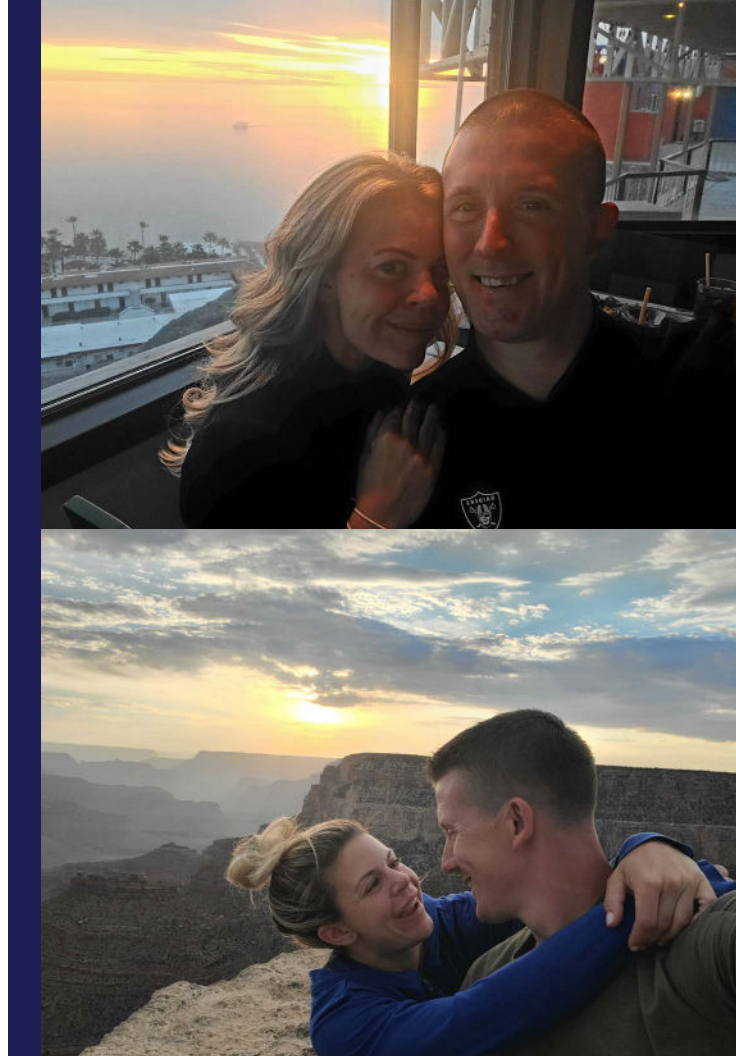

With much respect to you, we thank you again.

# Our Story

We met and truly believe it was love at first sight on November 18, 2008. We married on the beach on 11-11-11. We share a love and bond that is as strong and solid as anyone could ever imagine. We’ve navigated throughout life together through the good times and bad for 14 years now. We share a passion for so many things, including being outdoors. We love hiking, traveling, being on the water, nature, camping and living life to its fullest.

As parents, we will create a loving and supportive home as our top priority. Our children will be raised in a neighborhood full of children, parks nearby and loving family members in the same town as we are. We can’t wait to start this chapter of our lives!

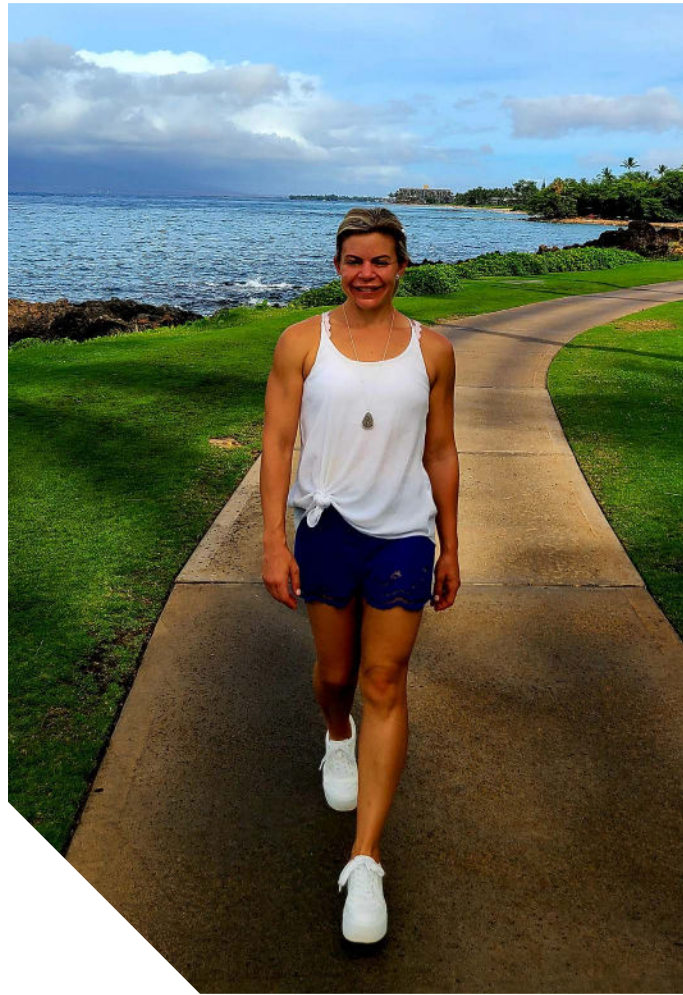

# About Christie

by Drew

My beautiful wife Christie is the most calm, loving, adventurous, most caring woman with the biggest heart I've ever met. Christie has a passion for living life to the fullest and following her dreams. Nine years ago, she took a leap of faith and opened her ice cream shop which she's made successful. Just a few words I would use to describe Christie is extremely thoughtful, loving, caring, honest, trustworthy, hardworking, loyal, consistent, well-educated, successful, supportive, creative, funny, outgoing and adventurous. Christie loves her dogs and loves taking them hiking and on road trips. She can't wait to take our children on our adventures.

Christie herself was adopted and I have enjoyed learning more about adoption through her own personal adoption experience.

# About Drew

by Christie

Drew is my real-life Prince Charming. He's the kind of man that you wouldn't believe really exists. Drew is hardworking and is going to be the best father I could ever imagine. He loves kids and is passionate about family. He loves hiking and being outdoors and loves making people laugh any chance he can get. Drew works in the casino industry and has held the same successful job for 13 years.

Drew loves working on cars but cleans up nicely. He was raised on the lake so fishing is something very close to him and something he can't wait to teach his son or daughter.

Benny and Max are both so very sweet and love kids, and the kids love them. Whenever we're out for walks all the kids love to pet and play with them.

# Why We Are Choosing Adoption?

We've always known we wanted to adopt since early on. I, (Christie), was adopted and had the best experience one could have and hope to share the same, and even better with our adoption.

Adoption helped shaped our lives, and we look forward to adoption growing our family as well!

If chosen as parents for your child, we promise to...

- Always be fully honest about where he or she came from.
- Give him or her the most loving upbringing.
- Love, nourish and keep safe.
- Promote an active and healthy lifestyle.
- Be surrounded by loving family.
- Always be supportive.

## Thank You

Words can't describe how grateful we are for you and your consideration. We understand that you are making the most difficult decision imaginable, and we hope you can find peace in whatever decision you make for you and for your baby.

If you decide we are the right fit for you, we will be excited for the opportunity to become partners through your selfless act!
