

TRAVIS + REBECCA

## Hello there,

First off, we want you to know that we have already prayed for every person that comes across this book. Whether you choose us or not, our prayer is that you will have clarity and peace beyond all understanding as you navigate through this journey.

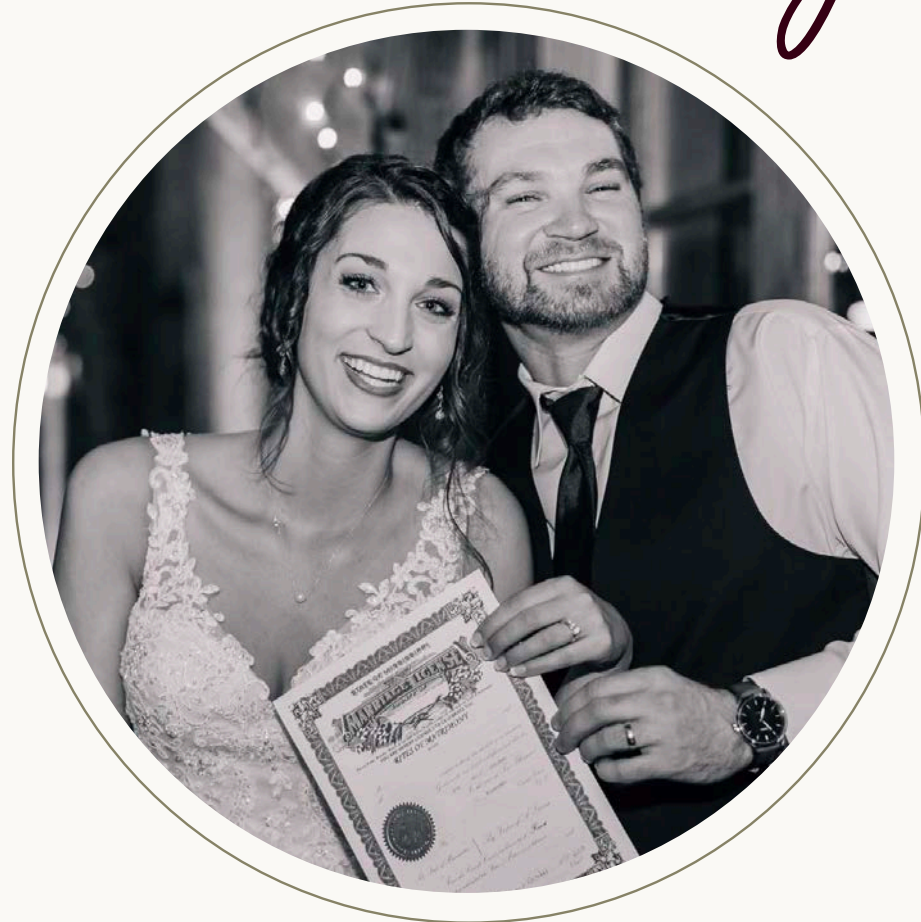

We are grateful you are willing to take the time to get to know us better! It has been a lifelong dream of ours to raise a family. If you choose to make an adoption plan with us, we hope you can take comfort in knowing your child will grow up in a home full of unconditional love, laughter, understanding, and patience.

Love,

*Travis + Rebecca*

# Our Story

by Travis

Nearly 5 years ago Rebecca and I met at an old BBQ joint for our very first date, and as cliché as it sounds, **it really was love at first sight.** We met through her father who I work with at the power company. One day through casual conversation, he suggested we should meet, and despite feeling slightly weird and extremely intimidated by this blind date setup, I asked her to dinner, I am forever thankful I did! **Rebecca and**

**I are truly best friends, we don't take ourselves too seriously and love to laugh and joke around together.**

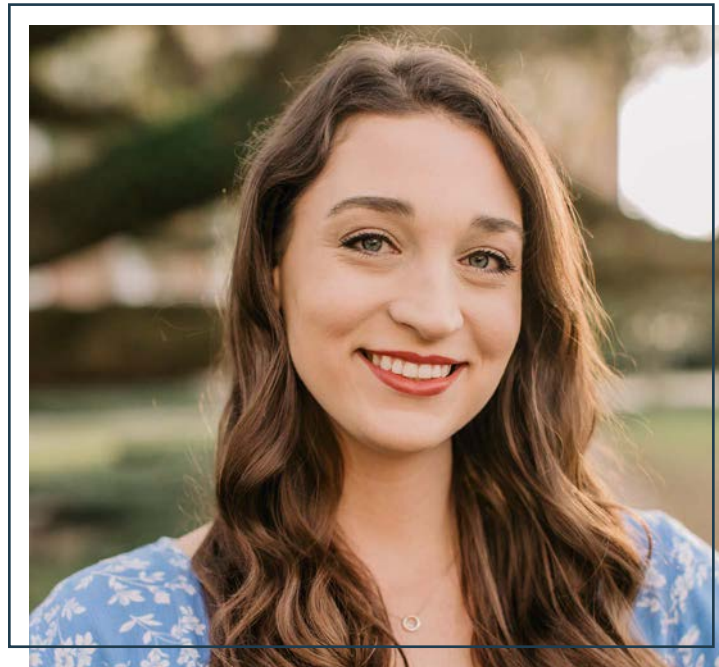

We enjoy being outside, swimming in the pool, riding on the 4-wheeler, and taking the boat out on the water. **We've always dreamed of having a family together and we can't wait to add a little one to our adventures.**

# Meet Rebecca

by Travis

Rebecca has the biggest heart a person can have. When she loves someone or something, she loves fully and gives it her all. **She is such a caring and kind person that others around her naturally feel the need to be more like her.** Rebecca is the one who truly makes our house a home whether it's decorating, creating her own paintings, or coming home to a homecooked meal (Rebecca can fix some great meals in the kitchen). **With Rebecca's loving, caring, and nurturing nature, I cannot wait to see our future baby get spoiled even more than I am.** I know in my heart Rebecca is called to be a mother, and I feel so lucky to have her and know our child will have the best care.

# Meet Travis

by Rebecca

Travis is the kind of guy that will stop on the side of the road if he sees that someone needs help. **He's the perfect balance of being the serious "boss man" at his job and the goofy husband that can make everyone in the room laugh, he's someone that I can always count on to cheer me up on a bad day.** It doesn't take long to notice that he's never "too busy" or "too tired" to play with my nieces, or even throw the ball with our dog. He's a man of many trades and I'm convinced he can build or fix just about anything! **I married Travis knowing he would make the best father and I can't wait to see him live out his dream of being a dad.**

## More About Travis

**Age** 29

**Occupation** Construction Inspector

**Favorite Movie** Troy

**Favorite Place** The mountains

## Our Home & Community

We live outside the city limits in a small thriving town in Mississippi. Our hometown is often sought after for its reputation of having one of the best school districts in the state. Our block is filled with people walking their dogs, families riding 4-wheelers/side-by-sides and kids fishing and swimming in the lakes. Rebecca has lived in our current neighborhood her entire life so we know all our neighbors well and can confidently say it's a great and safe place to live (Fun Fact: Our current home is the 3rd address Rebecca has had on our exact same road!).

## Our Dogs

Timber is our energetic yet well-mannered inside Golden Retriever. He loves playing fetch and showing off his tricks. Axel is a Cur dog who stays outside to watch over the house but he's secretly a big baby. He loves to chase squirrels and go for rides on the side-by-side. Both of our precious pups are gentle and sweet with all the children they encounter.

# Our Extended Family + Friends

We're blessed to live near our families, and we visit with them often. We enjoy going on family vacations to the beach or camping on the river. We're from the South, so naturally, our favorite way to spend time together is over a good homecooked meal.

We both have a strong group of friends that we've had ever since high school and college. We have gone through every season of life together with them. As time has gone on, the friend group has grown even bigger, first with the addition of everyone's spouses and now with the addition of kids.

Both our family and friends are extremely supportive and excited about our adoption journey and can't wait to welcome a baby into the mix.

♦ *Rebecca loves to paint and display her artwork in our home.*

♦ *Travis enjoys working in his shop that he built himself. (Rebecca likes to add that she did hang up a board or two!)*

*Football game with siblings*

♦ *We enjoy camping, tent, camper, or cabin we love it all! To us nothing beats sitting around a bonfire at night after a long day on the water.*

♦ *If it's too cold to camp, we enjoy cozying up by our fireplace and making s'mores.*

# *Our Family Traditions*

One of our most cherished holiday traditions is something Rebecca's parents started many years ago and we decided to carry on for ourselves; every Christmas we pick out a tree from the local Christmas tree farm, Travis will cut the end of the tree stump and Rebecca will

paint something that represents the year and turn it into an ornament. We hope to one day fill the tree with them! We also look forward to our Easter Family get together where we have a huge crawfish boil and watching fireworks over the lake on The 4th of July.

# OUR PROMISES

## TO OUR FUTURE CHILD

*Most importantly, we promise to provide a home filled with love, laughter, comfort, and safety.*

*We promise to always be open and honest with them about their adoption story in a way that honors and respects you.*

*We promise to provide a life full of opportunity and support.*

*We promise to pass along our own personal skills such as how to cook in the kitchen or build things in the shop, but we also plan to encourage him/her to find their own passion.*

*We promise to love our future child unconditionally.*

## WHY WE ARE ADOPTING

We have both always dreamed of one day having children. Over the past few years, we've walked through some heartbreak with the miscarriage of our twins and other fertility complications. We fully believe that

adoption is our calling, and we are honored for the chance to grow our family in this way. We have prayed for this moment for so long and cannot wait to live out our dream of having a family!

*Thank you...*

We are so grateful and honored to even be considered as potential adoptive parents for your child. We hope as you flipped through these pages you were able to get an idea of who we are and see a little bit of our hearts. It's hard to express in words just how much we honor you and your bravery. We pray that you will feel love and support with whatever decision you make for you and your child.
