

Grateful
FOR YOU

Hello

Thank you so much for taking a peek into our lives! We hope this book allows you to get to know us a little better. This must be such a difficult decision for you, but we are honored that you are taking the time to consider us as adoptive parents. We have always wanted to have kids and are excited to grow our family through adoption. We plan on always being open with your child. They will always know where they came from and we will answer any questions they will have. We will let them know they were adopted out of love and that you can always be a part of their life.

With love,

Kim and Adam

KIM AND ADAM'S STORY

Adam caught Kim's eye through online dating in 2017. She decided to message him despite the fact that he went to her rival college. While we went on regular dates over the first few months, we really learned about each other on desert road trips with our dogs and cross country/ocean flights with friends and family. What better way to learn about someone than being crammed in a long-distance car ride or flight!

On Valentines Day 2019 we traveled to New Orleans to embark on a cruise. It was at dinner the first night that Adam surprised Kim with a marriage proposal on a restaurant balcony while a local jazz musician played on the street below.. Two years after our first date, in November 2019, we were married in Arizona amongst all our loved ones.

a little about

KIM

Kim was born in New Jersey and moved to Arizona when she was 6. In grade school she was in Girl Scouts, played soccer, tennis and ran track. During high school she was part of the marching band where she played trumpet. She loves dogs, anything that gets her outdoors and baseball. She has had season tickets to the Diamondbacks with her dad since their opening year when she was just 15. When it is too hot to be outside Kim likes to read, go to movies and swim in their backyard pool.

HOW ADAM THINKS OF KIM

Kim is my partner-in-crime in life. When we first met I was of course drawn to her smile and good looks. Through the years we have built trust through the ups and downs in life. I couldn't think of another person I would want to laugh, cry, learn, travel, and relax with. She will be a great mom not only from her past child care experience, but with her naturally caring instincts.

HOW KIM THINKS OF ADAM

Not only is Adam a very tall, handsome, funny man but he is the nicest person I have ever met. Adam is very laid back and a go with the flow kind of man. Adam never fails to make me smile and make the days fun. He is great with children. Between watching him with our nephews and seeing how my friends' children play with him, I know he will be a great dad.

OUR BACKYARD

We bought our first house together in summer of 2020. We fell in love with the big backyard, pool, and that it is located in a cul de sac. Right behind our house is the neighborhood elementary school. We have friendly neighbors who have become our friends. We often have little get togethers where all the kids can run around and play. Our house is located just a few miles from Kim's childhood home where her parents still live. Just down the street is a large community park with a playground and sports fields. It also hosts many community events where we have gone and enjoyed local music festivals.

Our Furry Friends

Our families have always been animal lovers, especially for dogs. We have three of our own. Kim came into the relationship with her Queensland Heeler mix, Ozzie, and Adam came in with his Australian Shepherd mix, Sydney. We recently rescued Millie. We love to travel with them and take them on adventures when we are able. We know that your child will love their cuddly personalities. Ozzie, Sydney, and Millie will love and protect your child like they do for us.
