

Reggie &
Rachael

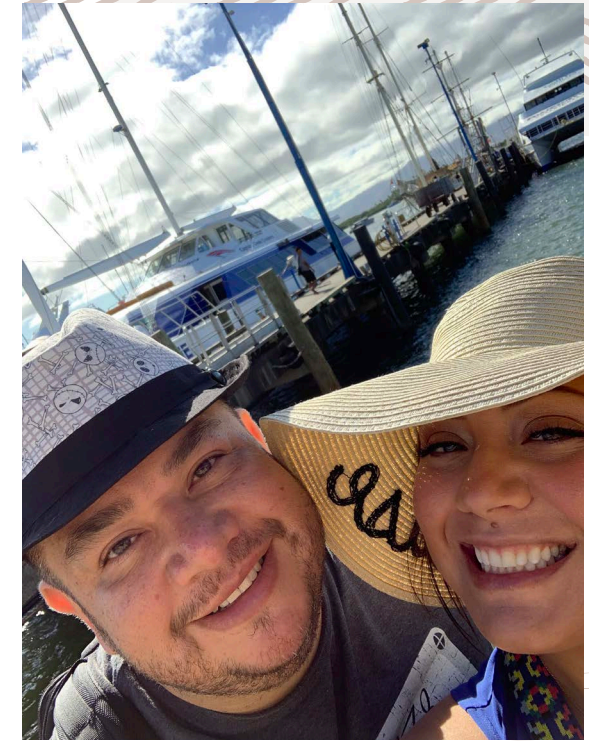

Hello There,

We are truly thankful for your consideration to include us in your adoption plan. You are demonstrating such strength, courage and selflessness in this journey to find a loving home for your child. We are here to travel that journey along side you. We want to assure you that, if you choose us as parents for your child, your decision will lead to a loving and supportive story of happiness for your baby. We will strive to provide a home filled with joy, laughter, fun, warmth and unconditional love. They will be forever cherished.

We will also be here for you and make sure you feel supported in all of your decisions. We are known by those around us as helpers, supporters, and great listeners. While we have had some challenges in our journey to parenthood and have felt our share of heartache, we know just how important it is to have a strong support system. We truly believe in our hearts that everything happens for a reason, in His timing.

With love and care!

OUR STORY

in Reggie's words

We met in 2005 at an educational event at work. I saw Rachael, at her booth discussing Text and Picture messaging features on phones and how they operate (this was a long time ago and these were cool new features!) and was amazed by Rachael's intelligence and beauty. I approached her, only to have her say "No thanks." Over the next few years, I successfully worked my way into (and out of) the "friend zone" and by 2008, we were engaged!

We have been married since 2010 and had our special day at the happiest place on earth, Disneyland. We still love to date each other; doing goat yoga, having romantic dinners, going to the movies, seeing favorite comedians, or going to concerts (especially Mariah Carey when she is touring since that's Rachael's fave). We also like to spend time with our families, friends and their children. We love all animals but are totally dog people, and have 1 pup, Sophia; she loves everyone and is a big rascal!

MEET RACHAEL

by Reggie

Rachael is a California girl at heart and is such a fun and loving soul. What I love most about her is her strength, sense of humor, nurturing personality and definitely her smile. It amazes me just how caring and patient she is. She is strong, yet gentle and effortlessly provides me and others in our lives emotional support when needed. I saw even MORE beauty in her when we had our foster child. Her attentiveness and natural intuition was a sight to see.

Rachael's professional career also reflects her nurturing influence. She is so intelligent and a natural problem solver, which has led her to a successful 19 years with her company. For most of her career, she has held leadership roles and is passionate about helping others grow in their careers, personally and professionally. I can't wait to see her shine her light when she becomes a mama to the child that was meant for us.

MEET REGGIE

by Rachael

Reggie is hilarious. He is outgoing and confident and fun. Early in his career he was a Radio DJ and I think this allowed him to really showcase this side of his personality beautifully. He is also extremely smart. He geeks out on all things computer, audio and electronics related. All of our friends and family have him on speed dial as their go-to for any technical support needs!

Reggie is my rock. He is such a committed man, so strong and vibrant. He really is my better half. Not sure how it's possible but seeing his unwavering love and attentiveness while we were fostering, made me fall so much deeper in love with him.

OUR EXTENDED FAMILY

Rachael comes from a diverse family heritage. Her mom's family is from Germany and Mexico, and her dad's family is from Sicily. She was born in Arizona and much of her family still lives there. She is the oldest of 2 brothers and 1 sister and loves being a Tia! Christmas has always been a family favorite holiday where we spend way too much time shopping, wrapping, decorating, setting up multiple trees in the house and baking for friends, family and neighbors for days!

Reggie is of Latino heritage, Dad is from Nicaragua, Mom is from Honduras, but Reggie was born in California. Reggie has 2 older stepbrothers and a younger sister. Family and friends are so important in our family. Cookouts, fun chats, kids playing and running around. Birthdays, Easter, Halloween, Thanksgiving and Christmas always take place at each of the grandma's houses, and it is too much fun and too much food!

OUR HOME

and community

We live in a beautiful, quiet, safe, and gated community in Southern California. Our neighbors are so friendly and you can always see someone outside walking a dog or kiddos playing. Our community is on a beautiful golf course, and we have a horseback riding trail behind our home and multiple community parks and schools close by.

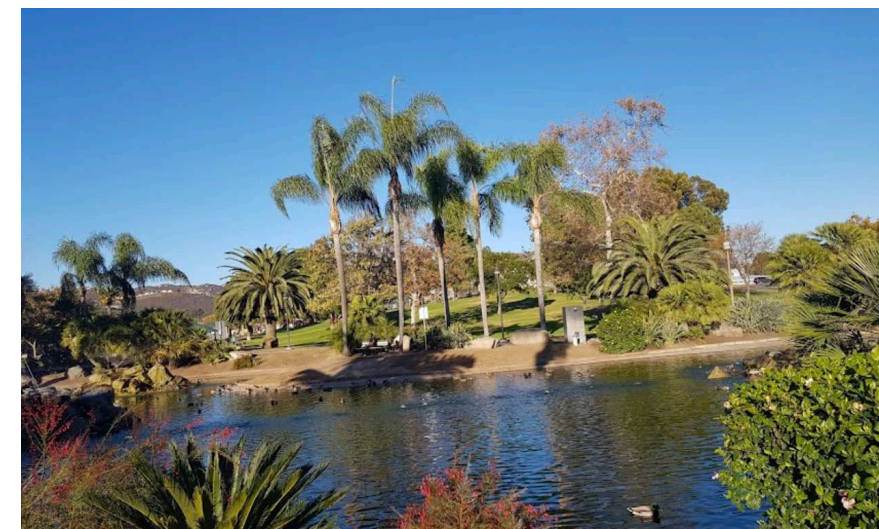

Living in Southern California is so amazing and gives us endless access to beaches and fun landmarks like the San Diego Zoo, Safari Park Zoo, Legoland and Disneyland!

OUR DOG, SOPHIA

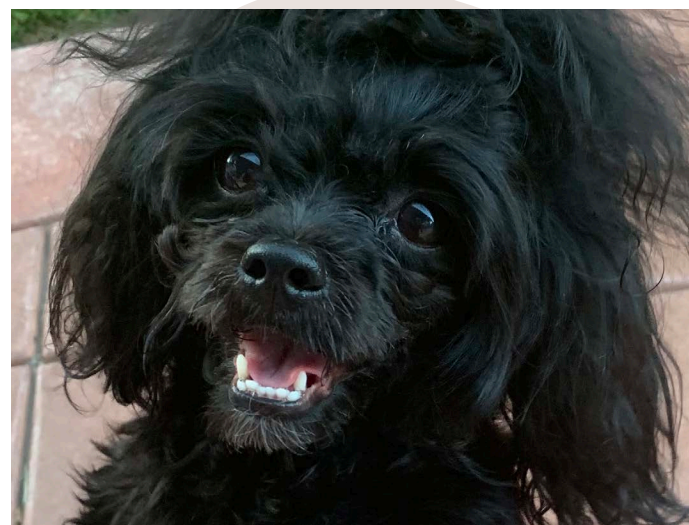

We have a small, 7 pound little fur baby named Sophia. She is a black Maltese/Shitzu mix. She loves all people, kiddos and other dogs and craves all the snuggles. Sophia looks forward to going on walks with her daddy and enjoys talking to (barking at) the horses that ride along the trail behind our home. She can't wait to be a big sister!

WHY WE ARE

ADOPTING

Adoption was always meant to be part of our journey. Reggie was in a foster home as a child and so we knew we wanted to give back in that way. We had an amazing opportunity to foster and successfully reunify a child after being in our care for 18 months. As well, we have faced challenges with fertility, but even if we didn't, our plan was to adopt as we know there are children who need homes, and we want to be that home for our child.
