OUR JOURNEY TO ADOPTION

Bear Expectant Mother

WE WISH TO TAKE A MOMENT TO HONOR YOU AND THE DIFFICULT DECISION YOU ARE FACED WITH

We can only imagine how hard this must be for you. This is an emotional and delicate experience we do not take lightly. We feel so grateful to you for taking the time to read this and hopefully consider us as a potential adoptive family for your child. It is important to us that you know we will do everything we can to honor your wishes and provide your child with a life in which they can thrive and live their dreams.

Our desire to raise and love a child is strong. We have been fortunate to accomplish many dreams together, but growing our family would be the ultimate privilege and dream come true. We are strong in our love and commitment for one another, and we are ready to share that same love and commitment with a child.

In addition, we hope to share our unique qualities, such as musical ability, athletics, and love for helping others, with our future child. While they will come into the world with their own special gifts and strengths that we will be sure to nurture, we are excited to share our gifts as well.

Thank you so much for your consideration. Your selflessness and strength are truly inspiring, and we wish you the utmost love and healing throughout this journey.

SINCERELY,

Daniel & Laura

About Us

HELLO, WE'RE LAURA & DANIEL

We are extremely excited about the opportunity to become parents! It is something that we have dreamed about since we first became a couple. We met while working as social workers over 10 years ago and have been married three years. Our shared passion is to help others and to make a positive difference.

Outside of work, we love to explore the great outdoors; we enjoy traveling, camping, kayaking with our dog Odie, hiking, and eating great food. We also love spending time at home, cooking meals, watching movies, and snuggling our pets. Spending time with family and friends is important to us both. Our families get along so well, and we feel lucky to be surrounded by their unconditional love and support.

Our Home

We purchased our first home together in 2019 with the hopes of growing as a family and creating cherished memories. Our two-story, three bedroom home is in a family friendly neighborhood, and located in one of the best school districts in Arizona.

Our home is within walking distance of a grade school and a high school. We are surrounded by walking paths, trees, and we are also a short walk to a lake where we often walk our dog, Odie.

We enjoy hosting family dinners, backyard BBQ's, and holiday celebrations. We love to decorate for Christmas and Halloween, our favorite times of the year. Our house is always the central spot for family gatherings and fun.

Our Pets

Our pets mean the world to us and bring us a lot of laughter and joy. They have loving personalities and love spending playing with one another and cuddling with us on the couch.

Luna

Luna is a 2 year old Siamese kitty who loves to cuddle and play

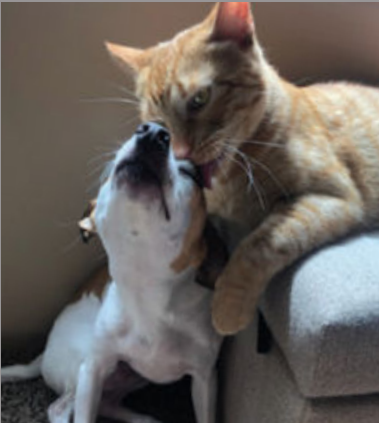

Odie

Odie is a 7 year old chihuahua rescue who loves walks and playing with Luna and Piney

Piney

Piney is a 5 year old orange tabby who loves to meet new people and take naps

Our Family & Traditions

We are so fortunate to have a wonderful family and friends who love and support us. Most importantly, they support our dreams of becoming parents. Both of us have involved parents and large extended families. Some of our family members reside in Mexico. Daniel speaks fluent Spanish, and raising our child with Mexican and American traditions and to be bilingual with the Spanish language is important to us.

Our shared culture is what makes our family unique and strong. Celebrations of holidays, birthdays, and other special milestones are always shared with our families coming together to eat a variety of delicious foods, listening to music, laughing, and creating memories to last a lifetime. We truly believe family is the core of all love, and we cannot wait to share our family's love with a child.

What Led Us To Adoption

We have always had the desire to become parents. After marriage, we tried to get pregnant; however, we were not successful. After a few fertility treatments, we decided to no longer pursue that journey and focus on expanding our family through adoption. We know adoption is the right decision for us.

Our goal is to become parents and we are thrilled to embrace that opportunity. We are excited to bring a child into our lives to be loved and nurtured by us, our extended family, and friends.

Promises To Our Future Child

We promise to honor your birth family and to be open and honest with you about your adoption journey. We promise that your birth family will always have a way to communicate with us. We promise to protect you and ensure that you always feel supported and heard. We promise to celebrate your milestones and accomplishments throughout your life. We promise to show you your worth and help you live your hopes and dreams. We promise to take you on adventures and make memories every chance we get. Above all, we promise to love you unconditionally.
