

**NICK & MEGAN**  
ADOPTION PROFILE BOOK

# HELLO!

Thank you for taking the time to learn more about our family! We are so excited to share a bit about our life with you. We are so blessed to have added our daughter to our family through adoption, and we hope that we will soon be able to add another child to our fun, loving home. We hope our story will help you in finding the best family for this baby. Please know that no matter what you choose, we wish you and your child all the best.

With love and gratitude,  
Nick, Megan & Mica

# *about us*

Nick is originally from Pittsburgh, Pennsylvania. He attended college at Virginia Tech, and moved out to Washington state for work after he graduated. Megan was born and raised in Washington, and spent some time living overseas in Nepal in her early 20's.

We were both attending the same church and were introduced to one another through mutual friends on a Sunday morning. We began to spend more and more time together, planning activities for all of our friends just so we could see each other! After several months of getting to know one another better, we went on our first date.

Almost immediately we knew this would be something special! After 8 months of dating we got engaged, and 5 months later we were married. 6 years of marriage later, we agree with what mama always said - when you know, you know!

After 4 years of being married, we adopted our daughter, Mica, in August of 2021. She was the answer to many prayers, and we are eager and excited to add another child to our family and give her a brother or sister!

## NICK

WRITTEN BY MEGAN

Nick is my best friend, and the best husband! He is hardworking and determined, whatever goal he sets for himself, he achieves it. He loves his family and his friends well, and he is someone that people come to often for advice.

Nick always makes me laugh, even when he isn't trying! I love that we can have fun and be adventurous together, but can also enjoy a quiet night at home.

He is an awesome dad. He is so present and involved in everything - from making breakfast for Mica everyday to playing outside with her for hours on end He will teach our kids to have fun but also work hard, to be courageous but not afraid to ask for help.

I love him! And our daughter does, too. And I know any child added to our family will be blessed to have Nick as their father.

## MEGAN

WRITTEN BY NICK

I tell Megan almost everyday that, "you're my favorite!" Because she is! I love that I get to spend every day with my favorite person.

She is so much fun and always wants to try new things, whether that's a new restaurant or a new country!

She knows who she is and is comfortable in her own skin. She is caring, kind, and compassionate and is always willing to sacrifice her own needs and desires in order to serve others.

I love how excited she is to be a mom, she loves to wake up our daughter every morning to spend time with her. I have already learned so much from her in parenthood and I am excited to continue to learn with her as we continue to grow our family.

## MICA'S *Favorite Things*

- Blueberries
- Going out for treats with mom
- Playing with our dog, Hunter
- Friday afternoons with Nana
- Watching planes fly by
- Going for walks
- Helping mom cook dinner
- Her stuffed puppy

Mica is an energetic, silly toddler! She loves to laugh, especially when Mom or Dad jumps around the corner to surprise her! She loves wearing dresses and twirling around to show off the skirt. We read together a lot - she especially loves her Jesus Story Book Bible and The Gruffalo.

# OUR DOG

Hunter

Hunter is a 5 year old Cavapoo. He is so gentle with kids, especially babies, and loves to run in our yard. He and Mica are best friends!

OUR *home* AND NEIGHBORHOOD

Our neighborhood is great for kids! We are at the end of a quiet, private road. We are minutes away from walking trails, several playgrounds and parks, and community areas. We have a large yard our dog Hunter loves to run in, and a cozy home we love to fill with our family!

We love to be outside together as a family - whether that's playing in our yard or finding a nearby park or even venturing to the beach!

## *Fun Facts About Us!*

We love to spend time with family. We spend almost every holiday at Megan's Grandmother's house with her whole extended family. And every summer we get together with 40 people from Nick's family for a week long family reunion!

Projects around the house are a regular thing! Megan dreams up what to build or change, and Nick makes it happen.

We have family all across the country, so we spend every other Christmas either in Pittsburgh, PA with Nick's extended family, or Billings, MT with Megan's extended family!

We love to spend lazy Sunday afternoons together.

Our annual summer lake vacation with 40+ people from Nick's side of the family!

We love to ride ferry's across the Puget Sound and look for orca whales in the water.

These are some of our best friends, we all have young children and love raising them together!

Mica loves to swim, so we always look for chances to be in the water!
