

Ty &
Bailey

hello there,

Thank you so much for taking the time to get to know more about us! We are so humbled and honored that you would consider us as potential adoptive parents for your child. We admire the courage and strength that you have shown as you navigate this difficult journey. No matter what decisions you make in the coming days, you and your child are on our hearts daily.

We want you to know that should you choose us, your child will be raised in a loving home. It is a home where education, respect, and differences are valued. They will be part of a family that understands mistakes happen, where grace and kindness are always shown, and where they are taught to love others.

Thank you again from the bottom of our hearts for taking the time to learn more about us. We couldn't be more thrilled to grow our family through adoption again. We know the months ahead will be full of challenging and emotional decisions. Please know we are praying for you every step of the way and should you choose us, your child will be loved and cherished all their life.

We are thinking of you and praying for you.

With Love,

Ty + Bailey

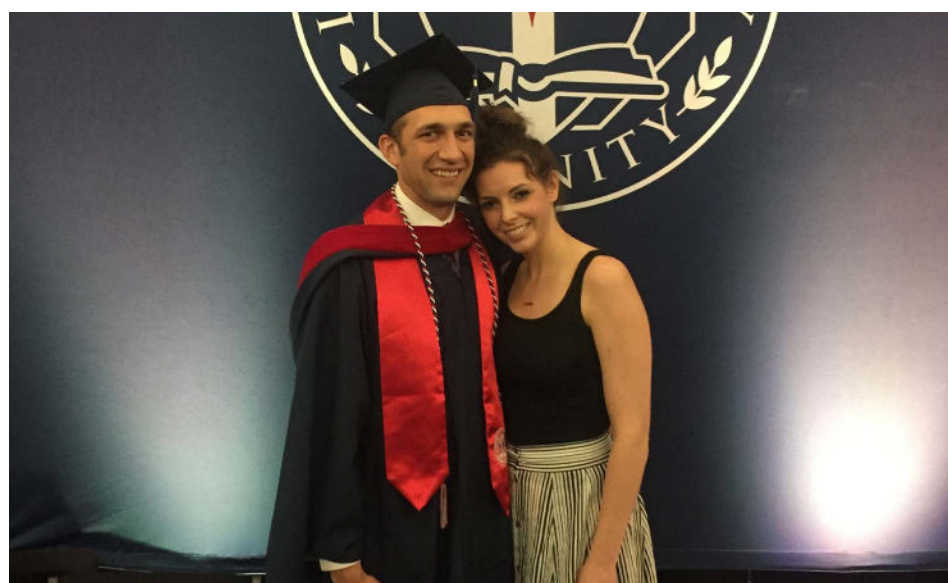

our love story

Our love story began over 10 years ago. We were both new to town and attended the same church. It took us a few months to start dating, but once we did it was clear that we were meant for each other. We are opposites who perfectly complement each other. From the moment we got married 9 years ago, we wanted to be parents. While infertility kept us from having a biological child, adoption had always been on our hearts. And it proved to be the perfect path for us! We adopted our daughter, Nora, in 2021 and are forever grateful.

We are a very active family. We love going on family bike rides, hikes, and checking out local parks. Bailey loves to cook and bake, so evenings are always spent around the table with good food. If we aren't exploring our local area, we love to travel! That is actually one of our favorite things about Ty's job, it gives us the opportunity to visit new places. We also like to give back to our community. We have both served on nonprofit boards and in our local church. Including Nora in these activities and teaching her about them has been so much fun. We can't wait to have another child to share our life with!

“Our home is full of love and laughter, we can't wait to add another child to our family.”

(by Ty)

Bailey has such a huge heart and loves being a mom! She loves to take care of people, whether that is hosting families for meals or helping care for them through supportive conversations, and she does the best job at doing this for our daughter, Nora! As a freelance digital marketer, Bailey works part-time from home. This means our daughter gets to help Bailey with work as well as having plenty of time to read books, go on walks, and play hide & seek around the house during the day. Bailey loves teaching Nora all about life - from learning new words to how to bake cookies - and she can't wait to see Nora teach her younger sibling everything she's learned!

More About

Bailey

AGE: 34

OCCUPATION: Digital marketer

FAVORITE PLACE: We have traveled & lived a lot of places; my favorite place is anywhere my family is.

CAN'T LIVE WITHOUT: My family and coffee!

(by Bailey)

Ty is incredibly kind, outgoing, and so much fun. He has never met a stranger and he makes everyone he meets feel welcomed. He is an officer in the military and spends his days mentoring and shaping young leaders. Investing in others is his passion! Watching him become a Dad has been incredible - he was meant for this role. Our daughter is the most important thing in the world to him. He always makes it a point to be home from work with plenty of time to play games with her and kiss her goodnight. He loves teaching her new things and sharing his hobbies with her. From biking to Alabama football, he takes Nora along to learn about all of it! He is incredibly close with his brothers and wants our daughter to have a sibling to share life with, too.

meet nora

Adopting Nora in 2021 changed our family for the better in every way! She is an active and happy 2-year-old who loves to play with her toys, be outside, and is obsessed with dogs. She likes to go on bike rides, color, and go to the playground. She also loves being around other kids and we know she will be the best big sister.

“ Nora is smart, beautiful, kind, and gentle. She will make the best big sister! ”

fun facts

about *us*

We love going out on family runs and bike rides.

Christmas time is our favorite. We have tons of family traditions, but our favorite is buying matching holiday pjs.

We love sports and cheering on our favorite teams.

We love to travel – Nora has already been on 8 flights.

our home & community

We love our neighborhood in Kansas; it is full of families with kids! There are always neighbors riding bikes and playing games together. Our street is full of big, beautiful trees and our house has a nice backyard. But our favorite part of our house is the big front porch! We love sitting out there and drinking coffee and playing with Nora.

The nearest library is just a 5 minute drive from our house. Nora and Bailey spend at least one morning a week there picking out books and enjoying story time. This area has so much to offer families - beautiful parks, an amazing zoo, museums, and so much more!

our dog, quinn

We have one dog, Quinn. She is an 8lb yorkie poodle mix. She is 12 years old, but still has lots of energy. She is very patient and gentle with kids! She likes to go on walks with us and is always close by Nora when she is eating - they share a love of cheese!

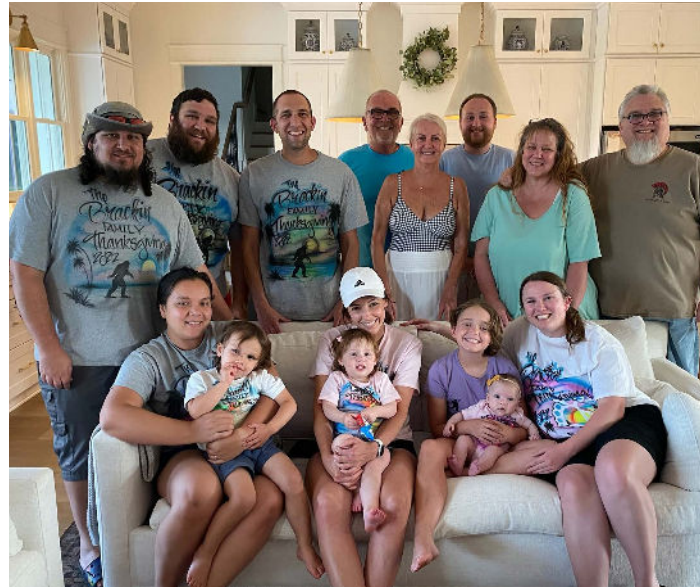

our family

Family is very important to us and we are very close with our extended family. Bailey has two brothers, both married. Her older brother and sister-in-law live in Kansas and have adopted 3 boys and 1 girl. They are all under 7 and Nora loves playing with her cousins. Adoption is very special to our family and we love that our children will have cousins who share the adoption bond. Bailey's parents also live in Kansas and are very active grandparents. They love babysitting and have some land in Kansas, where they keep all sorts of animals for the grandkids to care for. Bailey's younger brother lives in Colorado. We try to make a trip there at least once a year to ski or hike.

Ty has two brothers who are married and live in Georgia. His middle brother has a son and a daughter and his younger brother has a daughter. Again, lots of cousins to play with! Ty's parents live in Alabama and can't wait to welcome another grandchild into the mix. At least twice a year all of Ty's family get together in Georgia and spend time together swimming at his Grandpa's house, cooking out, and sharing stories.

why adoption

we promise

- Your child will be loved unconditionally.
- Our home will always be a safe place and that we will always be there to encourage, support, and guide them.
- Our family will explore the world together, learning about different places and cultures.
- Our home is a place that values diversity.
- There will always be time for fun and laughter.
- Our home is a place that values education and we will help your child reach their fullest potential.
- To be open about their adoption story and that you will always have a special place in our lives as well.

From early on in our relationship we knew that we deeply desired to be parents. Unfortunately, having a child proved difficult for us and even with medical support we were unable to conceive naturally. While the journey through infertility was challenging, growing our family through adoption has been incredible. We can't imagine our family any other way!

“We are so thankful for adoption, we can't imagine our family any other way.”

Thank you!

Thank you again from the bottom of our hearts for taking the time to learn more about us. We can't tell you enough how humbled we are that you would even consider us. Please know that you are in our thoughts and prayers. We pray for peace and comfort for you and that God bless you and your child.
