Home SWEET Home

We are homeowners that live in Arizona. Our house is on a corner lot providing us a big backyard. We are making it our dream yard with grass, flowerbeds, a fire pit, and concrete areas. The neighborhood is a quiet gated community. There is a park on our street, and we often see kids outside playing on the sidewalks and at the park. Our neighbors know each other, and we have block parties throughout the year. The school district is A rated. We take pride in making our house a home, and we want to continue to fill our home with love and memories.

High School Senior Year

College Senior Year

A FEW *fun facts*

SPORTS

Jessica played tennis and golf in high school, and she still enjoys playing golf. Spencer played football and did wrestling, shot put, and discus in highschool; in college Spencer played football as an offensive lineman. We both like watching football and going to spring training games.

FAVORITE PLACES TO TRAVEL

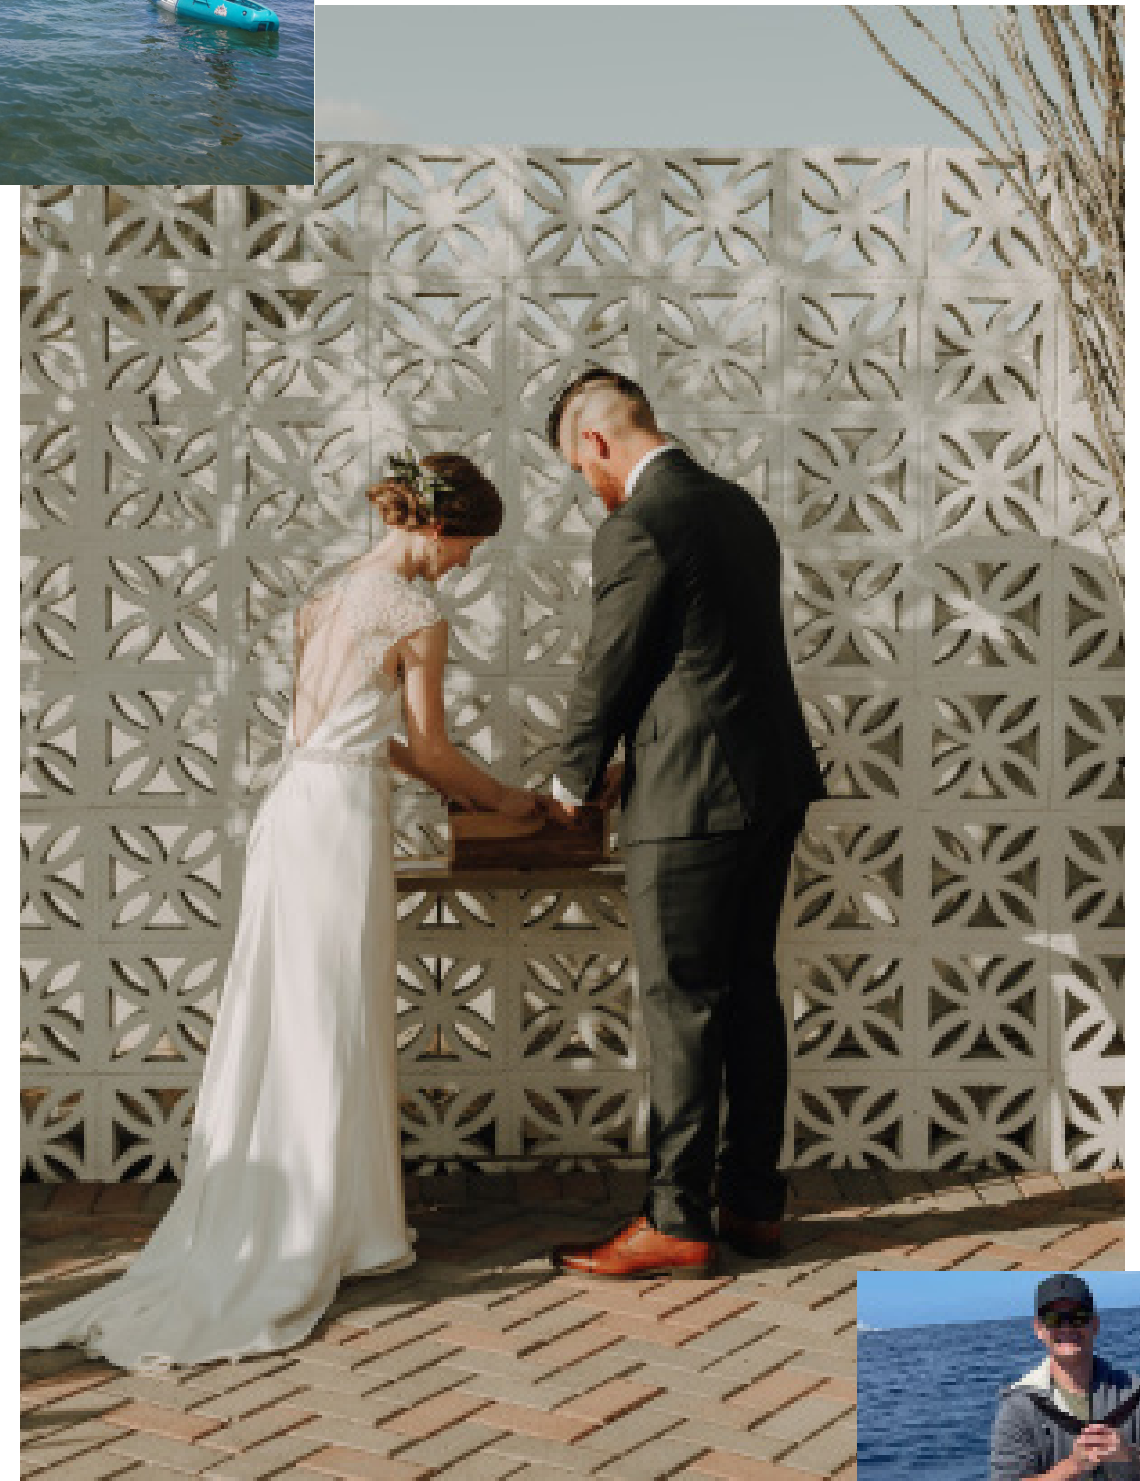

Spencer likes to go anywhere that has a lake to relax in the sun and have a chance to fish. Jessica would prefer to travel to the mountains. Her favorite place to visit is Lake Tahoe.

ANNIVERSARY

We have a small wooden locked box that was incorporated into our wedding ceremony. Every year on our anniversary, we place new love letters inside and read the ones that were placed there the year before. Jessica's parents have been married for 36 years and Spencer's parents have been married for 32 years.

MOTO

"Be courageous, show kindness, know your worth."

Jessica's Family

“My family has instilled values in me that have allowed me to grow into the type of person I want to be; they have enabled me to become the strong, caring, and intuitive person I am today.”

Family & Friends

Spencer's Family

“Family to me is who you choose to let into your life whether they're related by blood or not; they are the people you would drop anything for to help out because of the love and respect you have for them.”

Jessica:

- Youngest
- One older brother

We love any excuse to spend time with family and friends, whether it's for holidays, special occasions, or just because. Both of our immediate families live relatively close so we are able to visit often and have their support.

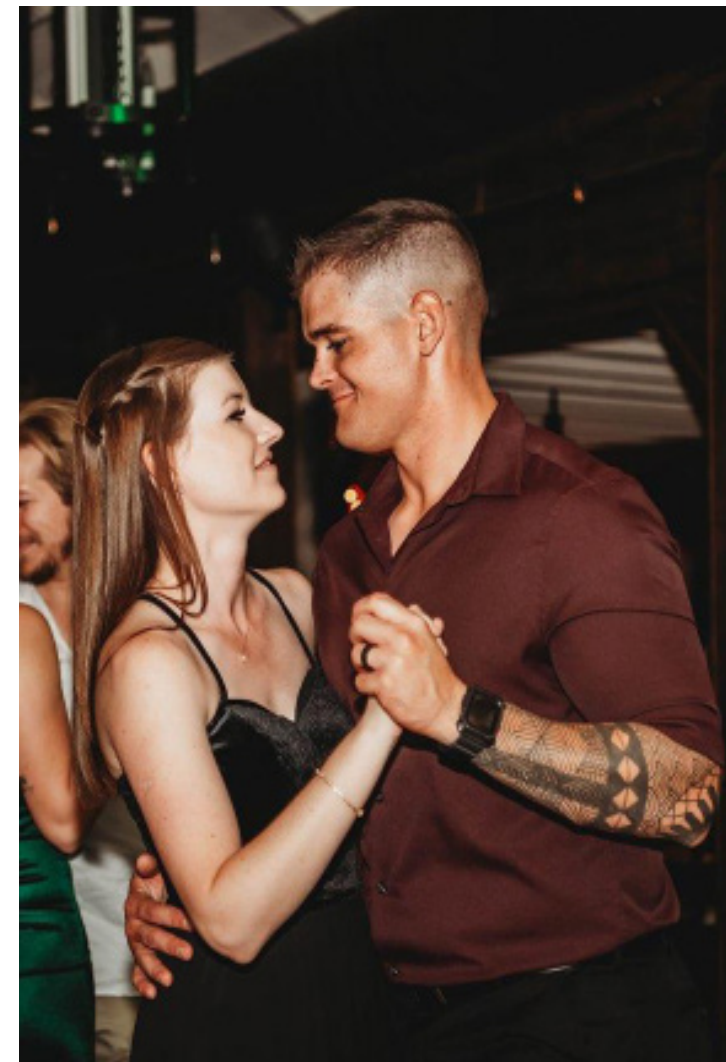

Spencer:

- Oldest
- Two younger brothers
- One younger sister

We have Two nephews and are Godparents to Jessica's childhood friend's two daughters.

Thank you for
considering us!

Thank you for taking the time to get to know us!

We are firm believers in a higher plan and fate. For us, we feel infertility is apart of our plan and we were meant for adoption. This journey has made us stronger and we can't express into words how much this baby will be cherished. If you were to choose us, we will forever love and treasure him or her, and surround them with the support to become whoever they wish to be. We will devote our lives to provide a safe, joyful, and loving home, raising them to have an appreciation of all life has to offer.

"I HAD CONSIDERED IT A DIFFERENT SORT OF STRENGTH.
A BETTER STRENGTH. TO LOOK AT THE HARDNESS OF THE
WORLD AND CHOOSE, OVER AND OVER, TO LOVE, TO BE KIND."
